

Design a poster telling children about the key beliefs of Sikhism.

Year 5 Home Learning Menu Spring 2020

Design and make a new building that could have been constructed in Ancient Greece

Complete a book review. Remember to include a range of exciting vocabulary. Focus on character.

Create a comic strip or short story which demonstrates the value of being respectful.

Write a letter to a person you admire (celebrity or person you know), explaining why they inspire you.

Write a short story with **EXACTLY** 100 words.

Measure different objects in your house in centimetres, order them and then convert to metres and millimetres.

Create a booklet about 3D shapes that are around you, in your home or local environment.

Using the 24 hour clock design a timetable for a celebrity of your choice for one day.

Create a code problem where numbers are represented by letters. Give some clues and make sure it is possible to solve it.

Imagine you lived in Ancient Greece/ Rome. Write a diary entry from the point of view of a child

Create a food web for creatures that share a particular habitat.

Write a rap, song or poem about the Ancient Greeks or Romans.

Research a scientist who discovered something about forces and produce a poster/information leaflet about them.

Instructions

Each week choose one different task from the lists above. Tick off each task as you do it and write the date. You will also need to read every night and learn your spellings and time tables/division facts.
