			helped the child like a teacher would, by giving them support and helpful advice for how to solve it themselves. Thank you Advik!
	Atharv	Kind Community	When Miss Fairtlough was carrying heavy things into the classroom cupboard Atharv helped without being asked by holding the door open so it wouldn't bash into her. Thank you Atharv- you are so kind!
	Emma	1 child for Skills Builder merit (no comment needed) - Leadership	
4H	Nithwick	Limitless Learning	In maths when Nithwick finished the DD and instead of doing nothing we decided to write his own word problems using fractions. Well done Nithwick!
	Gracie	Kind Community	Gracie always goes out of her way to open doors for every adult! Thank you, Gracie, you're being such a great example!
	Arthur DB	1 child for Skills Builder merit (no comment needed) - Leadership	
5I	Sienna	Kind Community	Sienna has been given the honour of being a kindness ambassador. She was given the task to create a kindness box and it looks breathtaking. She was able to give me instructions on how to use the box and allow the class to create positive affirmation cards. Well done
	Raghuram	Limitless Learning	Raghuram created a fantastic science project by combining his engineering skills with his imagination! He used Lego to build a brilliant replica of the Apollo 11 spacecraft, and cleverly transformed a simple cardboard box into the vastness of space. Fantastic building, Raghuram!
	Mia	Limitless Learning	Mia is receiving a special mention today for showcasing our Limitless Learning skill! Using cardboard, paint, and her fantastic knowledge of space, she designed and created a wonderful, eye-catching replica of a rocket and our solar system. Beautiful work, Mia!
	I was absolutely blown away by the effort from all of 5I. You made it incredibly hard for me to choose because every project was fantastic! You all really upped your game and showed me just how incredibly talented you are. To recognise your hard work, I would like to award 5I- <u>5 extra minutes of Golden Time</u>

			while writing a balanced argument about space tourism and successfully completed the task.
	Himaksh and Sid	Kind Community	Himaksh and Sid are excellent role models for 5K, consistently demonstrating positive behaviour and attitude. They show great kindness towards their peers, always helping and supporting others.
	Aiden	Limitless learning	Aiden demonstrated limitless learning and great resilience during arithmetic. Although he initially struggled with multiplication and found himself in the learning pit, he sought help, practised extensively, and went on to build confidence in both multiplication and division.
