

# Year 5 Home Learning Menu Summer 2022

Due in on .....

1. Something has gone missing from PHJS, you are the main detective on the case. Design a poster for the local police station.

2. Design and make a new building that could have been constructed in Ancient Greece

3. Complete a book review of Odysseus towards the end of the term.

4. Create a comic strip or short story which demonstrates the value of being reflective.

5. Write a short story based on an ancient Greek time travelling to modern day London.

6. Create a fact file for an ancient Greek mythological creature

7. Create a shopping list for a summer party with a £100 budget.

8. Calculate the area and perimeter of five different rectangular objects in your home

9. Create a poster explaining how to multiply and divide by 10, 100 and 1000 using place value knowledge.

10. Create a mind map summarising all your Year 5 Maths learning.

11. Imagine you lived in Ancient Greece. Write a diary entry from the point of view of a child.

12. Create a poster explaining how gravity works.

13. Write a rap, song or poem about something you have learnt about Ancient Greece.

14. Research a scientist and produce a poster/information leaflet.

## Instructions

Each week choose one different task from the lists above. Tick off each task as you do it and write the date. You will also need to read every night, learn your spellings, time tables/division facts (using TTRs) and go on Mathletics
